RECENT SIGHTINGS

NOVEMBER 1966

TOTOWA, N.J. - AUGUST 5. A UFO was sighted over Totowa at 3:30 AM by Mrs. Joseph Porter of 141 Elizabeth Place. Mrs. Porter reports hearing a pulsating noise, like a motor grinding. She rose from her bed, and through her window, toward the east, saw what she described as an orangy-yellow oval object, which she likened to a flat egg. Reports of UFO'S have been made in this area many times during the last few months. This section is the West Bergen Area, Passaic, and near the Wanaque section. SOURCE: JOHN ROBINSON, 336 Palisade Avenue, Jersey City, New Jersey. Assistant Editor: SAUCER NEWS & IIIOUFO State Director for N.J.

CANADA - AUGUST 9. UFO 'BURN' FADES --- A mountain youngster who claimed he received a curved burn on his hand from touching the "antenna" of a softly glowing "flying ship", has had no ill effects from the incident, his mother said today. Mrs. James Cozens, of 16 Leavesden Place, said that her son Charles, 13, was watched carefully for weeks after the March 29 excitement. At that time Charles raced home after viewing what he termed "two strange ships" land in a field behind the Mountain Police Station on Upper Wellington St. After repeated questioning as to the seriousness of his allegations, the incident was reported to the police. A constable, summoned to the boy's home, verified that Charles had indeed a three inch yellowish burn mark on his hand. Mrs. Cozens said Charles was taken to the family Doctor who advised a test for radioactivity at St. Joseph's Hospital. The test was made four days afterwards and a geiger counter failed to disclose any cause for concern. Blood tests also confirmed no ill effects..... Yesterday, reports of UFO'S over Toronto kept Metro and provincial police answering calls from citizens in the city and in the Balmy Beach area. Most reports said a strange noise could be heard and one man said he observed a large green flying object over the city. In Balmy Beach, a policeman said he saw what appeared to be two stars flying parallel to each other, with one higher than the other. He said they suddenly curved on a 45° angle and moved away at high speed. The Charles Cozen claim was the first to include actual contact with a UFO. He described the objects as "Eight feet long, four feet wide, and three feet high", with "red, blue and green lights set into the rim and flickering like a computer". He said they were hard and smooth to the touch and "I could not feel hot or cold so they must have been body temperature." Only one had an "antenna", he said. "It was thicker at the base and narrowed to the size of a nickle at the top." SOURCE: THE HAMILTON SPECTATOR, TUESDAY, AUGUST 9 '66. The above information courtesy of GENE DUPLANTIER, EDITOR OF SAUCERS SPACE AND SCIENCE, 17 SHETLAND STREET, WILLOWDALE, ONTARIO.

Paterson, New Jersey - August 17. A bright red object was reported flying low in the sky. It moved toward the east and then drifted into space at about 10:12 PM. The object was described as about the size of a volley ball. It was said to pulsate with regularity. SOURCE: John Robinson, IIOUFO State Director -----

Brooksville, Florida. Mrs. Barbara Mason was driving west on US50 about 3 miles from Brooksville, about 10:20 PM when she saw a very bright yellow light, about the size of two cars, hovering over the trees. The object stayed there for about a minute, then zoomed up and went rapidly out of sight.

New Port Richey - Brooksville. August 25. A high, blinking, blue 'light' was seen going from South to North at New Port Richey.... The same or a similar 'light' was also spotted by several others in the Brooksville area. The time was correlated by all, and it was aprox. 8:15 PM. SOURCE: IIOUFO Members.....

Brooksville - August 30. Mr. and Mrs. Ralph Lewis, IIOUFO members, saw a bright blue light which seemed to hover at tree-top level. The time was 8:50 PM, and the 'light' was seen for aprox. one minute.... At 12:00 PM the same night another report was received by Mrs. Lewis that another woman had seen the same type of blue light going slowly, high in the sky. SOURCE: EAST COAST IIOUFO

Kent, Ohio - August 28. 3:30 AM. An oval-shapeed object, half dollar size, was seen hovering over nearby woods. It changed color from pale orange, to pink, to bright white. After five min. the object disappeared. Soon, it re-appeared, accompanied by an identical object. When the objects were in view, all the dogs in the area barked furiously. SOURCE: GOODYEAR UFO SOCIETY P.O. BOX 9063, Akron, Ohio. We wish to welcome them to "SCOOP"...

Bardstown, Kentucky - Sept. 1. Unidentified flying objects----- some white and some flashing orange-red -- were seen ober Bardstown and Nelson County Wednesday night.... Most of the sightings reported were from members of the company and the audience at the Stephen Foster Story at the amphiteatre on the grounds of MY OLD KENTUCKY HOME STATE PARK. Several individual sightings were reported from other parts of this area... The objects were seen at the theatre at 9:45 PM, 10:20 PM, 10:40 PM, and shortly after 11 PM. Except for the last time seen, they also increased in numbers as each flight moved across the sky. Others reported seeing moving objects at 9 PM at Bloomfield and at 11:30 PM near Bardstown.. Member of the staff of the Kentucky Standard, Mrs. Lelia Hardy, was among those who witnessed the flights of the UFO'S.... "I saw them myself and have talked to over 100 others who also saw them."... She was standing at the top of the stairways, above the boxoffice, with a group of people who had witnessed the first flight when she saw six objects, three white, three red, fly across the horizon, one behind the other. Another flight went by minutes later, "three white lights, followed by four or five flashing orange-red lights."

The objects made no sound," said Mrs. Hardy, "and they traveled too fast to be airplanes."... In the first sighting by the group there were two bright white objects and one red. The final, just after the end of the performance of the drama, only one white object was seen. The UFO'S were sighted south of Bardstown, low on the horizon, and traveled in an east-west direction -- the oposite of earth-bound satellites.... At the Howard Hilton home, the same evening, a small telescope was mounted on a stand in the yard for a better view of a large object, first thought to be a star..... "It was flat in shape and the color changed from green to red to white, and at first, appeared to be just one spot, then the color changed like a revolving light on a police cruiser. The object was larger than a star and was bright enough to be seen with the eye..."One thing I can tell you," "there were no reconnaissance planes, no planes on maneuvers in the area, I can assure you what was sighted was no airplane." SOURCE: THE KENTUCKY STANDARD The above info courtesy Mr. Joe Greenwell, IIIOUFO State Director... P O Box 237, Bardstown, Kentucky, 40004 ..Good work, Joe!-----

BROOKSVILLE, FLA. - AUGUST 31. Location: On State Road 50, next to the local grocery owned by Mr. Red Wells. Observer: Mr. Norman Hill, employed by Red Wells. Time: approx. 9:00 PM ... Action: .. " I could not make out a form or a definite shape, but 'it' had a string of solid, red lights, going across the entire length of the objekt." "It was low-level, coming from the North and heading to the South." "As it approached the area of the firetower (main-tained by the Florida Forrestry) 2 beams of white light came from underneath the object, and it 'lit up' the entire tower, it looked almost as if it were on fire, with the red lights casting their glow on the tower and all the ground around it." "The white lights came on in short bursts, or beams, 1-2-3, 1-2-3." "I didn't hear any noise from what ever it was, but it sure made you feel weird!" (UNDERSTATEMENT OF THE YEAR!!!!!) SOURCE: East Coast HQ. IIIOUFO.---

PLATTSBURGH, N.Y. - SEPT. 5. Scientists at the atmospheric re-search center of the State University here Saturday confirmed the sighting of an unidentified flying object near Plattsburg last week. The object was described as bright, moving east to west in the sky, and making looping, hopping and figure eight movements. The center said two scientists spotted it in Keene Valley and local radio announcer Lawrence DeCavallan saw it near his home..... SOURCE: THE HARTFORD COURANT, CONN. Many thanks to Mr. George Early, Director, NICAP - CONN. - 9 Hiram Lane, Bloomfield, Conn.---

Mr. Early is making our "SAUCER SCOOP" material available to the NICAP members in his area, and we wish to say 'welcome' to them.--

East Stroudsberg, PA. - Sept. 8. Reports of UFO due west of the area, round objects were seen hovering in the sky due west of the town by over six people. The UFO gradually moved off. The Philadelphia papers later carried the Air Force explanation that the objects were balloons which had been sent up because of the drought conditions in the area. SOURCE: John Robinson, New Jersey State Director, IIIOUFO, 336 Palisade Avenue, Jersey City, N.J... Jack is the Assistant Editor of SAUCER NEWS, well-known and recognized UFO Publication, whose Editor is Jim Moseley, P.O. Box 163, Ft. Lee, New Jersey. Sincere thanks to both of them for their help.-----

SYRACUSE, N.Y. - Sept. 8. A flashing red and green object -- sometimes long and horizontal and sometimes long and vertical-- was spotted over Camillus last night. But this UFO - though similar to others reportedly seen in this area - acted differently than most sightings.... It was reported that two objects left the main UFO and ONE returned. Mrs. Elenor Walker of 62 North St. and a neighbor, Mrs. Doris Martin, were the first to spot the object. The women said the UFO first appeared towards the front of their home. Then another appeared near the backyards. The first disappeared... However, the second object stayed in one spot until early today.... Mrs. Cora Mashaw of 59 North St. saw objects leave the UFO. She said the objects were smaller than the original object and were red in color. The smaller objects split up and disappeared. About an hour later, one of the red objects returned to the main UFO, appearing above it, then appearing to "fall into" or "enter" the main UFO the persons reported. Another larger object, the same shape and size of the original UFO, stopped near the first one, and then it "took off." Similar sightings have been reported over North St. earlier this week. SOURCE: THE POST STANDARD, M. ZIMMERMAN -----

BROOKSVILLE, FLA. Sept. 10. Mrs. Barbara Mason reported to Mrs. Eula Lewis, IIIOUFO member, and coordinator of reports in that area, that a 'thing' followed her home from work, all the way from the town of Brooksville. When she first saw it, it was 'blue' "about as big as a car." It was above and slightly behind her when she reached the intersection of State Road 50 and Springhill Road.... When she made the turn towards her home, the object changed color to bright orange, gained altitude, and shrank to "football size". It then sped off at a high rate of speed towards the South, and since this has been reported, she has been 'followed' at least 3 more times! Other people, unknown to each other have also reported being 'chased' by a 'blue' light in and around the same area..... SOURCE: MRS. EULA LEWIS, IIIOUFO, RT # 4, Box 380, BROOKSVILLE..... The above incident occurred at approx. 11 PM. At 12:10 AM the same night ... Mrs. Lewis, who was on 'skywatch duty' after the previous report, saw a bright blue 'flash', very brilliant, come straight down towards the trees in the area south-west of her, and it did not 'come back up'.... A few minutes later she observed a pale, yellow shaft of light coming from the woods, it flashed then went out entirely. A report came in also, the same night, to IIIOUFO East Coast HQ. from Wally McNeil, IIIOUFO member, Route #1, P.O. Box, 1601, Prt Richey, Fla. that earlier in the evening he had observed 3 objects coming from the South, and then one became very much brighter, broke away from the main formation, and 'fell' straight down, towards the north (Brooksville)!!!! ----- Before we leave the subject of UFO'S and automobiles, a report from a new friend of "SCOOP'S", Thelma Rowland, teller at the Central Plaza Bank and Trust, St. Petersburg, Fla. recalls that way back in 1959 there were cases of 'saucers' disrupting car motors that she heard of in the area of south-western Virginia. Thanks, Thelma!!!! SOURCES ON ALL ABOVE INFORMATION: EAST COAST IIIOUFO HEADQUARTERS.+

CAPE KENNEDY, FLA. Sept. 14. The Gemini 11 crew spotted an unidentified object in space Tuesday after astronaut Richard F. Gordon Jr. ended his 44 minutes space walk. Gordon and command pilot Charles Conrad Jr. were uncertain whether the object might have been part of the particular space walk equipment that had been tossed overboard a short time earlier. "We had a wingman flying wing on us here, off to my left, tumbling about one revolution per second. Conrad reported this to Mission Control. He added, "could have been anything from the equipment dumped or "something else. We took pictures of him." SOURCE: STAMFORD ADVOCATE -- Much credit to Mrs. Earl M. Fillion, Conn. State Director, IIOUFO, 12 Hope Street Stamford, Conn. 06906. (this report was not in MY Fla. paper!!)

SEPT. 19th. A meteor gave a short but colorful show this morning. The object which was possibly the size of a bowling ball burned its way through the atmosphere. The Royal Northwest Mounted Police sent a group into the bush near Huntsville, Ontario to obtain a fragment which reportedly fell there... The Space Defense Agency at Colorado Springs said the object definitely was not a satellite.... The glowing streak not only lit up the sky, it lit up switchboards from New York to Illinois. Michigan's Gov. Romney was in a plane over his state, and asserts he thought we were under attack..... Illinois State Police sealed off roads to Orion near Marietta where a 'chunk' fell to earth on a soy bean farm, and one farmer in the vicinity said the glowing ball of fire was the size of a Barn.-----
CREDIT: JACK ROBINSON, NEW JERSEY.

WAUSAU, WISCONSIN - SEPT. 20. Harold L. Geisse sighted an unidentified flying object about 3:45 AM this morning from a window of his apartment in the Hotel Wausau. He was reticent to talk about it, declaring, "I feel a little foolish." He said he had always been skeptical about flying objects, but that he had long been on the lookout for them... He said he was awakened when 'something' seemed to cross his face. "My bed is about 18 inches from the window, it was open," he said. "I sat up and saw this assembly of lights. I could see no body. It was a circle of lights. It seemed to be making a circle as if to land at the airport. It was very low. It rose, again, however, and seemed to dive suddenly toward the earth. "It reversed itself several times, going aloft and circling. It seemed to be moving away at every loop. The circle of lights then went out and was replaced by a very strong light." (This report in greater detail will be published in a forth-coming issue of the IIR, IIOUFO'S official publication. This was sent in by Mr. G. W. Volhard, Wisconsin State Director, IIOUFO, 1808 Thomas Street, Wausau, Wisconsin. The observer, Mr. Geisse, is engaged in research with the Northern Wisc. Industrial Developement Center, which is associated with the University of Wisconsin Campus at Wausau. He holds both a B.S. and M.S. fromthe University, and does hold faculty status. According to Mr. Volhard, who personally investigated this report, Mr. Geisse, "was extremely mannerly and intellegent and is a most level headed person. I am confident that we can place our faith in him." ... The IIR Report can be obtained from IIOUFO INTERNATIONAL HEADQUARTERS, 3929 NW 19, Oklahoma City, Oklahoma. Mr. Hayden Hewes, Director.

WALLOPS ISLAND, VA. SEPT. 24. A space experiment wafted a huge multi-colored cloud hundreds of miles across the sky yesterday and was followed by reported sightings of a brilliant unidentified object in the East and Mid-West..! It was shortly after the launching that thousands of persons sighted brilliant objects or lights in the sky in Virginia, Kentucky, Penn., Ohio, Illinois, Indiana, and southern Wisconsin..... Taken at face value, however, NOTT ALL, of the reported sightings could be explained away by the colored colored clouds. There was one report of three mysterious objects in suburban Richmond, Va. on Friday Night, HOURS before the Wallops Island test. There were several calls to police, and Patrolman John G. Pace, sent to check into them, said he saw three objects whose light persisted about half and hour. At Anderson, Ind. an Anderson security officer making his appointed rounds, reported seeing a mysterious round blue object which, he said, started to land on the school's football field. The watchman, Henry Fox, said he first spotted what looked like a star in the eastern sky, moving towards the city. After about 15 minutes, Fox said, the blue started to fade and "left a long-slender object like a shaft of light sticking up into the air --- it was very tall!"...Many of those who reported seeing a brilliant object in the sky were pilots and policemen and deputy sheffiffs on patrol. Four airline pilots told the O'Hare International Airport control tower at Chicago they sighted a brilliant light, which they estimated at 4,000 feet, some 100 miles east-northeast of the city. Many different reports are still coming in from this 'event', and full details will be forthcoming. As we go to press, more sightings have arrived, but space is limited and these will be in full detail next month.,,

oooooooooooooooooooooooooooo
SPEAK YOUR PIECE
oooooooooooooooooooooooooooo

To the Editor:

I would like to know if any other people have ever heard messages in code which seemed to come from Saucers? I was unable to take down the message but the last of a series of 'beeps' was 5 short, beeps, and 2 long ones. Following this (about 1 AM) I heard a whirring noise overhead which then faded away. This happened about 3 weeks ago.

Mrs. Eula Lewis
Rt.# 4, Box 380
Brooksville, Florida

Dear Mrs. Lewis:

I, myself, am not a 'beep' expert!! Perhaps some of our readers could help you on this problem. I am sure that there are many well qualified 'SCOOPERS' who make a study into these type of phenomena. Perhaps they will write you, and share some of their theories with you. ----- J.W.

OUR SELECTION FOR BOOK-of-the-MONTH: "STRANGERS FROM THE SKIES"

A 'MUST' for those who are new-comers to our Field, for it gives excellent coverage to those important sightings that ALL should be aware have taken place. It is not enough to keep up to date, on recent sightings, but it is important, also, to research into the backgrounds of past sightings and landings. Mr. Brad Steiger, nee Eugene Olson, gives ample background data on some of the most talked about and sensational sightings that have ever occurred. This paperback book is such a best seller, that you may not be able to obtain it at your local newstand. In this case order from UNIVERSAL PUBLISHING AND DISTRIBUTING CORP. 800 2nd. Ave. New York N.Y. Mr. Eugene Olson - Brad Steiger is a native Iowan (born: Bode Iowa) who currently teaches creative writing, advises student publications, edits the literary magazine, ONEOTA REVIEW, at Luther College in Decorah, Iowa. He is 30 years old, married, the father of four children. He has published over 200 short stories and articles in a wide variety of magazines. His published books include VALENTINO: THE MAN BEHIND THE MYTH, (MACFADDEN-BARTELL), STRANGE GUESTS, (ACE), AND STRANGERS FROM THE SKIES, (AWARD). COST: 60 cents.

OUR SELECTION FOR AUTHOR- OF- THE - MONTH: KENNETH LARSON "FLYING SAUCER DESIGNS". A recently published book with 200 pages and 50 detailed drawings. The drawings are of a mathematical and engineering nature. The meaning of the UFO Reports at Mount Ranier (1947), Salt Lke, (1952)... and other sightings. The design of the Great Pyramid and its location. The mathematical design of the USA West Coast and the relationship to the UFO reports - sites before and after 1947. The mathematical design of the English alphabet and language. England and America history and destiny,.... The records of Americaan-Joseph Smith. UFO reports between 1461-AD and the present. How the USA West Coast land-area is an exploded view design based on the Great Pyrimid-Nile Delta land area design. A monument to the Lord in Egypt. The scientific and religious records. This data was compiled by the author over several years of library research and study of UFO reports.....BOOK: \$3.00 per copy. ORDER FROM: kenneth Larson, 6500 Selma, Hollywood, California -- 90028 -----

His other books are: The Staunton UFO design. 75 cents.

THE TIME FOR TONGUES. 75 cents.

Watch for an original article by Mr. Larson in our next issue.....

SIR, Article by Max B. Miller- "The People Who Know All About Flying Saucers", (last two sent by Jack Robinson,)

LOOK MAGAZINE, Oct, 4, "Aboard a Flying Saucer", story of the encounter Barney Hill and his wife had with 'space beings', and subsequent issues will continue the story.

AVAILABLE NOW!!! BACK ISSUES OF SAUCER SCOOP, # 5,6,7, etc, but, SORRY!! Unable to supply 1,2,3,4, as they are completely sold out...

Back issues of the Interplanetary Intellegence Report, published by IIOUFO International, are available at East Coast HQ, IIOUFO - 6464 34th. Avenue North, St. Petersburg, Florida -33710

RESEARCH ITEMS MADE AVAILABLE BY A.ROY DAVIS, RESEARCH DIRECTOR ... REQUESTS FOR FURTHER INFO ABOUT THESE ITEMS SHOULD BE MADE TO: A.ROY DAVIS RESEARCH LABORATORUM, GREEN COVE SPRINGS, FLORIDA

1/ The first course and kit that I would reccomend for your use of study and direct application is: The Ultra-Violet Photography Kit, 10.00 dollars, post paid, this.

would allow you to record on a photographic, visual, pictoral form, the existance of any radiations, atomic, X rays, etc, that may be present after a reported sighting of a UFO. This kit contains an easy to read, easy to understand course, chemicals, film packs, instructions and actual photographs of different forms of energy..... NO cameras used .. NO lenses 2/ A magnetic Detector, hand held, with meter, and battery..It will record any magnetic force field, is directional, it points out the EXACT location of the force field.... where it is coming from and how stron it is..weight less than one half ppund, sixe about 4 by 3 inches. Can tell distance of a megnetic force field, strength, type of magnetic energy, ans will record and detect even the one half a gauss energy force field of the 2 poles, magnetic, of the earth, itself... This instrument,complete with primary, easy to understand instructions is only \$29.95.....

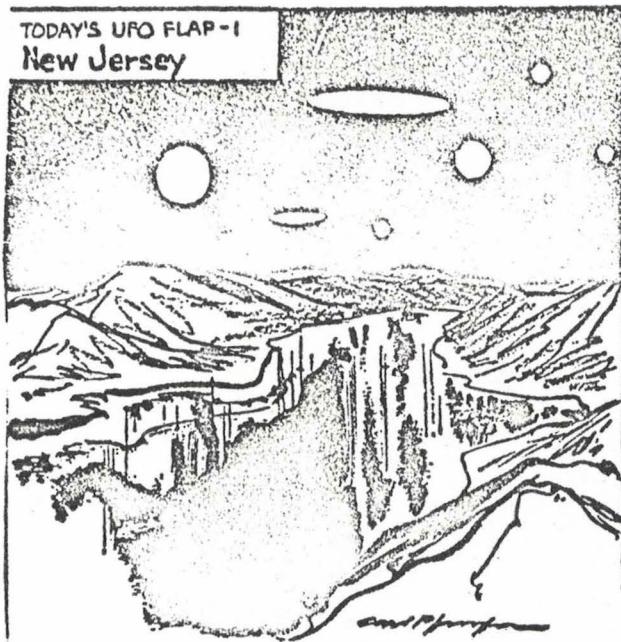

3/ SPECIAL MADE FILTERED GLASES: The \$4.50 pair of special, filtered glasses is of course the best. These glasses allow you to see objects in the sky, either at night, or in the full glare of the sun. These glasses were made to filter light rays, infa red rays, low ultra violet rays, and to allow you to see, objects that could NOT be seen otherwise, as without wearing glasses, in very bright sunlight, or at night, when the light of the moon and stars would normally reduce microscopic detection of UFO'S. WRITE ME YOUR REACTIONS AND SEND ME YOUR ORDER SOON..... A. ROY DAIVS

INVESTIGATION CHECKLIST, ROY DAVIS
(in event of a landing) -----

- 1/ Camera, tape recorder, tape for measuring, clean container for soil samples, clean picking up instrument, plaster of paris, water, and container for above.
- 2/ Handle samples with gloves on
- 3/ photograph ENTIRE area, then, close-ups of landing marks...
- 4/ Take soil samples on the exact spot, or In indentation holes
- 5/ Avoid contaminating soil, the radiation existence must be checked, either film or counter
- 6/ All soil samples, burned grass or dead insects, etc, should be placed immediately in a clean container, and shipped at once to the laboratory.... As soil soon becomes 'sour' and traces of radiation will soon disappear if not analyzied immediately. ALL photos to be sent to Augie Roberts, 23 Barn sdale Road, Wayne, New Jersey. Complete reports should be always sent to your respective H.Q.

** Our Space Age **

TODAY'S UFO FLAP - I
New Jersey

THE BIGGEST SAUCER FLAP (SERIES OF SIGHTINGS) HAS OCCURRED IN THE PAST SIX MONTHS ! AT THE MANAQUE, N.J. RESERVOIR, UFO'S HAVE APPEARED MANY TIMES, WITNESSED BY HUNDREDS OF OBSERVERS !

5-16

*** TOMORROW - NEW HAMPSHIRE ***

© 1968 BELL-MCCLURE SYNDICATE

ACKNOWLEDGEMENTS

We reserve the right to publish all letters sent to us unless specified otherwise. All clippings welcome.

SAUCER SCOOP is put out on a monthly basis: 12 issues \$3.00. We invite those who wish to participate please send in their articles or opinions. All material should be sent to: SAUCER SCOOP- 6464 34th Ave. North, St. Petersburg, Florida, 33710.

In formation appearing in this issue may be used providing proper credit is given to SAUCER SCOOP and to the author.

The opinions expressed in SAUCER SCOOP are not necessarily those of the Editors.

We are an information outlet. We believe that all data should be made available to the public and should not be considered private property, only for the benefit of a few.

We are grateful to Otto Binder Bell-Mc Clure Syndicate , 467 Voorhees Street , Englewood,N.J. for his kind permission allowing us to use his "SPACE AGE" material Watch for his series here.

EXCHANGE OF THE MONTH

District representatives needed Anyone who has witnessed strange aerial phenomena of any kind is invited to write us about it.UFO sighting forms will be forwarded These are to be filled and to be returned. Our new publication, A VASTER REALITY, is published bi-monthly. Please write for detail A.O.S.U.A.P. , Director : Ronald Calais , 137 Oak Crest Drive , Lafayette, La. 70501.

We recommend Ron who is well recognized as an ethical research organization.

INVESTIGATOR OF THE MONTH

We salute Hayden Hewes, Director IIOUFO INTERNATIONAL, 3929 N.W.19 TH., Oklahoma City, Okla. The IIR is put out every two months six issues a year for \$3.00. The now famous Tulsa photo has made it's history.The first to be analyzed and accepted by the Air Force. He is now investigating "rumors of saucer nests" , will tell more later. (He is also our Boss)....

SAUCER SCOOP is an information outlet published from 6464 34th Avenue North, St. Petersburg, Florida - 33710. We print on a monthly basis - 12 issues - \$3.00. Information appearing in this issue may be used by news media, or other sources, providing proper name and address credit is given to SAUCER SCOOP, and to the one who wrote the article. The opinions expressed in SCOOP are not necessarily our own, but, express those of the author. We also reserve the right to publish all letters sent to us, in part or entirety, unless specified otherwise by the sender.

SAUCER SCOOP policy: To print all pertinent information relating to the UFO Field regardless of any organizational affiliations or ties. To present both sides of controversial issues, giving each an equal opportunity to express their viewpoints. To give full name and address credit, plus source, dateline and witnesses in all data printed. To maintain the best of research equipment and the best manpower available in order to assure correct analysis of any reports submitted to SCOOP.
